## FOUNDATION UPDATE

By Mike Hagen

Everyone is very busy right now trying to put the finishing touches on Hunter's Expo; lining up outfitters to fill the booths, attracting donations from around the world and deeming them suitable to put on the auction block. Not to mention the Banquet on Saturday night!

We here at the Foundation are no different, as putting on the Expo's Youth Wildlife Conservation Experience is quite the task in and of itself. This past year, we also sponsored teacher Sarah Hay for the educator course at the AWLS Ranch in Jackson Hole, Wyoming. Now, most think of Jackson Hole as a nice, beautiful resort destination. This is not exactly the case when you attend a summer course at AWLS as an educator. The teachers are put through the paces, learning the value of youth hunting education and how to spot some of the hoey surrounding the industry. Sarah came back enthusiastic over what she had learned and has volunteered to give us a welcome hand for the Saturday's YWCE. Sarah, and a couple of colleagues who accompanied her on the AWLS trip, are putting on a seminar for the kids, showing what Safari Club has taught them and some crafts to better the kids outdoor experiences.

Our friends at the Missouri Department of Conservation are returning to host a session on outdoor careers and hunting principles. The dog presentation last year was a hit with the kids, and we are hoping to be able to bring them back. More planning for additional content is still in the works.

Pam Todd is busy rounding up silent auction items; finding them, sorting them and setting them up for auction is quite the project all its own. The proceeds from the auction help us fund sending educators like Sarah to AWLS. Also, the silent auction proceeds are helping send the Missouri 4H Shotgun Team to National Competition in Grand Island, Nebraska. Our own Hunter Todd took one of two scholarship awards for his excellent shooting talents at the event. And yes, he is the grandson of the very proud grandparents, Pam and Lonny Todd. Way to go, Hunter!

If you are a parent, grandparent or just friends with the kid down the street, get them off the screens for one morning in January and get them signed up! Putting the program together is a big job, and getting the kids there is a giant task in its own right. Please go to [www.hunters-expo.com](http://www.hunters-expo.com) and find the registration at the top of the page. The best part, **IT'S FREE!**

These are just a few examples of what we are doing with the funds you all generously provide at the silent auction, raffles and any live auction items dedicated to the Kansas City Safari Club Foundation. So, as the auctioneer always reminds us: **BID HIGH, BID OFTEN!**

The Y.W.C.E. is a program conceived and funded by Larry and Brenda Potterfield of Midway USA through endowment to KCSCI Foundation, and we always thank them for their generosity.

## CONNOISSEUR'S CORNER

by Chris Cagle

This rum cake recipe is one my mom use to make in the winter time. It will sure warm you up.

### CARIBBEAN COCONUT RUM CAKE

#### INGREDENITS

1/2 cup of softened butter  
1 1/2 cups sugar  
4 large eggs  
1 tsp. coconut extract  
1 cup of Meyers dark rum  
3/4 cup whole milk  
1 3/4 cups flour  
1 pkg (3.4oz) instant vanilla pudding mix  
1/4 cup cornstarch  
4 tsp. baking soda  
1 tsp. salt

#### SYRUP

1/2 cup butter  
1/2 cup water  
1/2 cup sugar  
1/2 cup Meyer dark rum  
1 tsp. coconut extract

Preheat oven to 325. Cream butter and sugar until light and fluffy. Add eggs, one at a time, beat well as you add the eggs.

Beat in extract. In a bowl combine rum and milk. In another bowl whisk flour, pudding mix, cornstarch, baking soda and salt.

Add to creamed mixture both bowls of mixtures slowly and beat well as you make the additions.

Transfer to a greased and floured 10 inch fluted mold pan. Bake for one hour, check with tooth pick to come out clean. Cool 10 minutes. Remove from pan briefly to prevent sticking, replace in pan, cool on rack.

Make your syrup. Heat butter, water, sugar in a sauce pan over medium heat. Bring syrup to a boil, stirring constantly. Remove from heat add rum and extract.

Using a skewer or chop stick, poke holes in the cake. Slowly pour syrup over entire cake until it is absorbed, Cover and let stand over night. The longer it sits a room temperature the better it gets.

### JEFFERSON'S OCEAN AGED AT SEA BOURBON WHISKEY—*About \$80*

Jefferson's Ocean Aged At Sea Bourbon is matured in American oak casks for seven to eight years on land in Kentucky before the casks are placed on a ship and allowed to rest for another five to ten months at sea. At sea, the bourbon and oak casks are forced to mingle with each other as the ship rolls back and forth over the water. In addition, the temperature and barometric pressure fluctuations during the sea voyage cause the oak staves to expand and contract, and allow the bourbon to extract more of the tannins and flavor from the oak during it's maturation.

As a result of this unique maturation process, Jefferson's Ocean Bourbon has an aroma of vanilla, caramel and burnt matches.

Thick notes of butterscotch, vanilla, brown sugar, and salted caramel dominate the palate, and lead to a finish accented by sweet hints of citrus.

## CONNOISSEUR'S CORNER

by Chris Cagle — Cont'd

I make this every year. It's a great hit at a party. If you don't have goose livers it's OK to just use chicken livers.

Make it the day before you need it so it can set up in the refrigerator.

### CHICKEN AND GOOSE LIVER PATE

two sticks of butter, cut in cubes  
4 medium shallots, peeled and chopped  
2-2 1/2 pounds of chicken and goose livers total, trim any fat off the livers  
1 cup of port or bourbon or a mix of the two is nice  
4 ounces of heavy cream  
salt to taste  
2 Tbl. Rosemary dried and chopped  
2 Tbl. Thyme dried and chopped  
1 Tbl. chopped garlic  
crackers or crostini to spread the pate on

In a large saute pan over medium heat, melt 6 tbs of butter. Add the shallots and saute them until translucent. Add the livers, thyme, rosemary and the port and or bourbon. Careful it doesn't flair up on you. Bring to high heat. Cook and occasionally stirring until the livers are lightly browned but still very soft and pink on the inside, about 5 minutes.

Remove the pan from the stove, and pour into a food processor or blender. Add the cream and remaining butter. Blend until smooth. Add salt to taste if needed.

Pack the pate into bowls you want to serve it in and cover with plastic wrap. Put in the refrigerator over night.

#### Serve with Crostini or crackers

You can add a few slices of cooked bacon, chopped when you add the mixture to the food processor, to give a extra taste if you desire.

Enjoy,  
Chris
